

Caring for someone with ASD? This professional training program can help.

Geisinger

The Autism Collaborative Centers of Excellence (ACCE) professional training program provides training in evidence-based interventions to help you provide better care for people with Autism Spectrum Disorder and their families in northeastern and north central Pennsylvania. alloneforautism.org/ptp

ACCE professional training program certificate requirements:

- View recorded webinars
 - » 5 core webinars
 - » 4 additional webinars
- Complete a brief post-webinar quiz
- View and attest to reading a consensus document for each of the core areas

[Register for this course through GLearn](#) (not compatible with smartphones or tablets)

- Click REGISTER.
- Create a user profile. Click NEXT.

- Under additional fields, enter ADMI for client name. Click REGISTER.
- Sign in using your username (email) and password.

For technical questions, contact:

- Renée Kenzy rkenzy@thehealthplan.com
- Dorie Henrie dahenrie@thehealthplan.com

Please take a minute to fill out this two-question [survey](#).

Our sincere thanks to the AllOne Foundation for its generous support of the Autism Collaborative Centers of Excellence and the Professional Training Program.

ACCE Professional Training Program Offers Free Act 48 Hours

NEIU19, in collaboration with our ACCE PTP, will process Act 48 hours upon completion of PTP webinars. Interested in Act 48 hours? Here's what to do:

- Register with NEIU19 if not already registered: edulinkinc.com/iu19registration/
- Register for the webinars (must use Chrome, Edge or Firefox): glearn.geisinger.org/admi/learn/signin
- Upon completion of webinars that total a minimum of two hours, email: bahaasgivler@geisinger.edu
- ACCE PTP staff will provide information to NEIU19 at the end of the month for upload into the Act 48 system.
- Currently there is availability to earn up to seven Act 48 hours.

One-hour webinars:

- ABCs of Applied Behavior Analysis

- Transition, Vocational, Residential and Housing Options
- Treating Picky Eating and Food Refusal

Two-hour webinar:

- Evidence-based Interventions for Severe Problem Behavior

Webinars that can be used in combination to total at least two or more hours:

- Behavioral Diagnosis of ASD (37 minutes)
- Evidence-based Educational Interventions for Students with ASD (26 minutes)
- Speech and Language Evaluation and Therapy in ASD (32 minutes)
- Science and Pseudoscience in Autism Therapies (43 minutes)
- Why is Genetic Testing Recommended for Individuals with ASD? (32 minutes)

Contact Barbara Haas-Givler, BCBA at bahaasgivler@geisinger.edu with any questions.
